### *Popular Note-taking App Now Available on Holiday's Hottest Tablet*

San Francisco, CA ([PRWEB](#)) January 03, 2012 -- 7knowledge Corporation, an innovative productivity application developer for tablet and smartphone devices, has announced availability of its popular note-taking app 7notes for Kindle Fire.

With Amazon setting record sales this holiday season, the eTailer has helped to advance the adoption of tablets, putting its enhanced eReader into the hands of millions, giving consumers access to the tablet experience, including reading, web browsing, movies, music, apps, games and more.

“Consumers want tablet capabilities in their consumer devices, but don’t necessarily want to spend hundreds of dollars. With Kindle Fire, Amazon is giving consumers a cost effective solution to tablets without having to spend a fortune,” said Kaz Ukigawa, the CEO of 7knowledge. “By giving Kindle Fire users access to an app like 7notes, they can now enjoy the same ease in managing work and life the way iPad and iPhone users have been doing for months.”

7notes for Kindle Fire will make it easier for users to create and share content. Features include:

- Take a note on the fly
- Notes to message on demand – handwriting recognition
- Connect to E-mail, Evernote, Facebook and Twitter
